Dear Dr. Courteau:

Thank you very much indeed for your publication on the "Habitant Tokens of Lower Canada," which came in this morning's mail. I am very glad, indeed, to have this to add to our books on Canadian issues and would congratulate you on what appears to be a very helpful classification of these tokens.

Quite in another connection, I wonder if you have seen the publication by the Canadian Archives of "Documents Relating to Canadian Currency, Exchange and Finance during the French Period," under the editorship of Adam Shortt. These are two large volumes at the very reasonable price of \$3.00 and if you have not already procured them, I feel sure that you will find them desirable additions to your library.

Again thanking you for your gift, I am

Very cordially yours,

Secretary
